## Job Description

### Civil Engineering Position

**Cooper Engineering Company, Inc.**, an employee-owned civil engineering firm in Rice Lake, WI, is currently accepting applications for civil engineering positions with an emphasis and experience in stormwater modeling and municipal engineering are preferred. Rice Lake is a vibrant rural community located in the heart of Wisconsin's Northwoods, offering four seasons of woods and water opportunities to outdoor enthusiasts, a growing regional medical hub, two public colleges, and surprising opportunities in the arts.

Successful applicants will join our experienced team members completing engineering design and construction projects primarily throughout northwestern Wisconsin and occasionally in nearby states. Civil engineering candidates with five – fifteen years' relevant experience are encouraged to apply for this position.

Qualified candidates will demonstrate competent technical skills, knowledge of civil engineering concepts, principles, and practices, efficient use of AutoCAD, strong communication and writing skills, a strong sense of integrity and goal setting, a cooperative attitude, and on-going desires to learn and help clients.

Education requirements include a B.S. or Master's degree in civil engineering, Professional Engineer licensure preferred, knowledge of Microsoft Office and computer-assisted engineering and design software, knowledge of producing quality construction plans, and knowledge of applicable state regulations.

Candidate must have a valid driver's license. A professional engineering license is not required for the applicant, but the candidate will be expected to pursue registration as a registered Wisconsin Professional Engineer. Project management and construction engineering experience is desired but not necessary.

Cooper Engineering offers competitive compensation, vacation, sick time, insurance benefits, 401(k), ESOP program, and a professional work environment. Wages will be commensurate with experience and skills.

Qualified applicants should apply by sending a letter of interest and resume. Applicants may also call Kelley Draeger of Cooper Engineering at (715) 234-7008 to discuss the opportunities. This posting does not have a scheduled deadline but will expire when the positions are filled. Prompt submittal of application materials is encouraged.

In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States and to complete the required employment eligibility verification form upon hire.

Cooper Engineering is an Equal Opportunity Employer.

Job Type: Full-time

Pay: \$60,000 - \$80,000 per year
